

All gravity conveyor is Hytrol, model SSR or SSRC
 1-3/8" x 18 ga rollers, on 3" centers
 Frames are 2-1/2" x 1" x 12 ga, powder coated channels
 Supports on 5' centers, adj between 23" & 28"

All powered conveyor is Hytrol, model 190ACC or 190NSP
 V-belt driven live roller OR banham style live roller
 Supports on 10' centers, adj between 23" & 28"

Floor supports typically
 on 5' centers (for all gravity conveyor).
 Anchor every other support into floor.

Floor supports on 10' centers for all powered conveyor.

Can't take conveyor
 out into to wall and
 turn because you loose
 this area for box making
